SEND A LETTER TO FERC

Write to FERC now with your concerns about the Dominion pipeline.

As of September 13, 2014, Dominion had not applied for “pre-filing” with FERC, which is the first step in the permit process. But you don’t have to wait for Dominion—you can tell FERC what you think now.

- Send your letters via snail mail to:
  Kimberly Bose, Secretary
  Federal Energy Regulatory Commission
  888 First Street, NE
  Washington, DC 20426

- Identify the Dominion pipeline using its new name at the top of your letter:
  Re: Harmful impacts of the proposed Atlantic Coast Pipeline in Nelson County, VA

- Tell FERC how the pipeline will affect you, impact your property and harm the farms, forests, streams and rural heritage that make Nelson County special. Make your letter as long or as short as you like. What matters is that FERC hears from you.

- Also it is important that you send a copy of your letter to Friends of Nelson.
  Mail: Friends of Nelson
  P.O. Box 33
  Nellysford, VA 22958
  Or email: friendsofnelson@gmail.com

Friends of Nelson will resubmit your letters to FERC once this pipeline has an official “docket” number so that they are not misplaced by the agency. We will also send copies to the Governor, Dominion and other government agencies.

Once the docket number is assigned, there will be other opportunities to write to FERC or to be an intervenor. We plan to have a workshop for intervenors soon.
Getting Involved in the FERC Process

- Fall 2014 – Pre-Filing
- Summer 2015 – Application
- Preparation of the EIS
- Summer 2016 – Certificate
- Issue

Draft EIS
